We encourage you to familiarize yourself with and consult their privacy policies and terms of use.

6. Analytics and Advertising.

We use analytics services, such as Google Analytics, to help us understand how users access and use the Bungie Services. In addition, we work with agencies, advertisers, ad networks, and other technology services to place ads for our products and services on other websites and services. For example, we place ads through Google and Facebook that you may view on their platforms as well as on other websites and services.

As part of this process, we may incorporate tracking technologies into the Bungie Services (including our website and emails) as well as into our ads displayed on other websites and services. Some of these tracking technologies may track your activities across time and services for purposes of associating the different devices you use, and delivering relevant ads and/or other content to you (**“Interest-based Advertising”**).

We also use audience matching services to reach people (or people similar to people) who have visited the Bungie Services or are identified in one or more of our databases (**“Matched Ads”**). This is done by us uploading a customer list to a technology service or incorporating a pixel from a technology service into the Bungie Services, and the technology service matching common factors between our data and their data. For instance, we incorporate the Facebook pixel on the Bungie Services and may share your email address with Facebook as part of our use of Facebook Custom Audiences.

As indicated above, vendors and other parties may act as our service providers, or in certain contexts, independently decide how to process your information. We encourage you to familiarize yourself with and consult their privacy policies and terms of use.

For further information on the types of tracking technologies we use on the Service and your rights and choices regarding analytics, Interest-based Advertising, and Matched Ads, please see the “Information Collected Automatically” and “Your Rights and Choices” sections.

Please note that your opt-out is limited to the email address or device used and will not affect subsequent subscriptions.

c. Tracking Technology Choices.

You have the ability to accept or decline cookies subject to your browser settings and limitations. Most web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. If you choose to decline cookies, you may not be able to fully experience the interactive features of the Bungie Services or the other websites you visit.

Please note that, unless and until the law is interpreted to require us to do so, Bungie does not process or respond to web browser “Do Not Track” signals or other similar transmissions that indicate a request to disable online tracking of users who use or visit the Bungie Services. For more information on “Do Not Track,” visit <http://www.allaboutdnt.com>.

You can stop all collection of information via an app by uninstalling the app. You can also reset your device Ad Id at any time through your device settings, which is designed to allow you to limit the use of information collected about you. d. Analytics and Interest-Based Advertising.

Google provides tools to allow you to opt out of the use of certain information collected by Google Analytics at <https://tools.google.com/dlpage/gaoptout> and by Google Analytics for Display Advertising or the Google Display Network at <https://www.google.com/settings/ads/onweb/> .

The companies we work with to provide you with targeted ads are required by us to give you the choice to opt out of receiving targeted ads. Most of these companies are participants of the Digital

Advertising Alliance (“**DAA**”) and/or the Network Advertising Initiative (“**NAI**”). To learn more about the targeted ads provided by these companies, and how to opt out of receiving certain targeted ads from them, please visit: (i) for website targeted ads from DAA participants, <https://www.aboutads.info/choices>; (ii) for app targeted ads from DAA participants, <https://www.aboutads.info/appchoices>; and (iii) for targeted ads from NAI participants, <https://www.networkadvertising.org/choices/>. Opting out only means that the selected participants should no longer deliver certain targeted ads to you, but does not mean you will no longer receive any targeted content and/or ads (e.g., in connection with the participants’ other customers or from other technology services).

To opt out of us using your data for Matched Ads, please contact us as set out in the “Contact Us” section below and specify that you wish to opt out of Matched Ads. We will request that the applicable technology service not serve you matched ads based on information we provide to it. Alternatively, you may directly contact the applicable technology service to opt out.

You may also limit our use of information collected from or about your mobile device for purposes of serving targeted ads to you by going to your device settings and selecting “Limit Ad Tracking” (for iOS devices) or “Opt out of Interest-Based Ads” (for Android devices).

Please note that if you opt out using any of these methods, the opt out will only apply to the specific browser or device from which you opt out. We are not responsible for the effectiveness of, or compliance with, any opt out options or programs, or the accuracy of any company statements regarding their opt out options or programs.

8. Security.

We implement technical and organizational measures designed to ensure a level of security appropriate to the risk. We use a variety of security technologies and procedures to help protect your information from unauthorized access, use, or disclosure. For example, we store the information you provide on computer servers with access restrictions that are located in controlled facilities.

If you choose to create an account through certain parts of the Bungie Services, you will be required to select a password. This password can be changed once you have logged into the service. It is your responsibility to keep your password confidential. Do not share this information with anyone. If you are sharing a computer with anyone you should always choose to log out before leaving the Bungie Services to help protect access to your information from subsequent users.

Please be aware that despite our security measures, no data transmissions over the Internet can be guaranteed to be completely secure. We cannot, therefore, ensure or warrant the security of any information you transmit to Bungie, and you do so at your own risk.

9. Data Retention.

We take measures to delete your information or aggregate or de-identify your information when it is no longer necessary for the purposes for which we collected it, unless we are required to keep this information for a longer period in accordance with this Privacy Statement. When determining the retention period, we take into account various criteria, such as maintaining access to products you have purchased, the type of products and services requested by or provided to you, the nature and length of our relationship with you, possible re-enrollment with our products or services, the impact on the services we provide to you if we delete some information from or about you, mandatory retention periods provided by law, and the statute of limitations.

10. Changes to this Privacy Statement.
